

How to Enroll Your Apple iOS Device With Cisco Meraki Systems Manager

Important Notes:

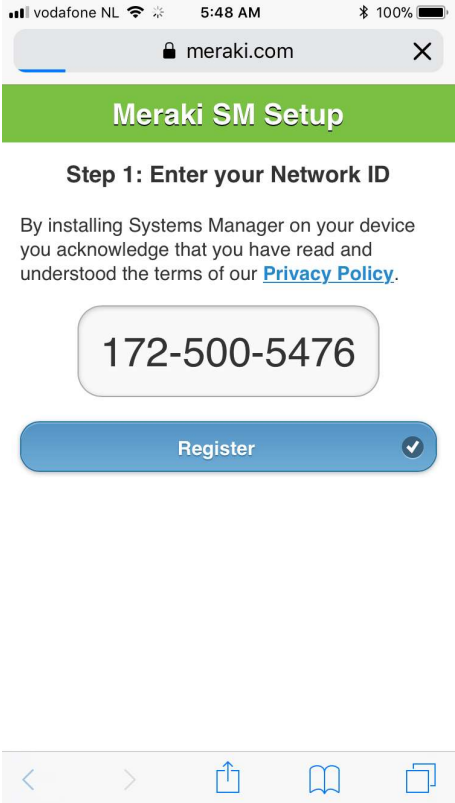

- Minimum version of iOS required to enroll as of August 2018: v 11.3.1
- 6 character passcode required (Touch ID supported), must be changed every 365 days, device may not be 'rooted'.
- Android devices are not supported with these instructions – see future communication for Android enrollment
- If you experience issues enrolling your Apple iOS device, contact the Bioventus IT Service Desk by email or phone:

Bioventus.servicedesk@nwnit.com or 1-855-284-4999

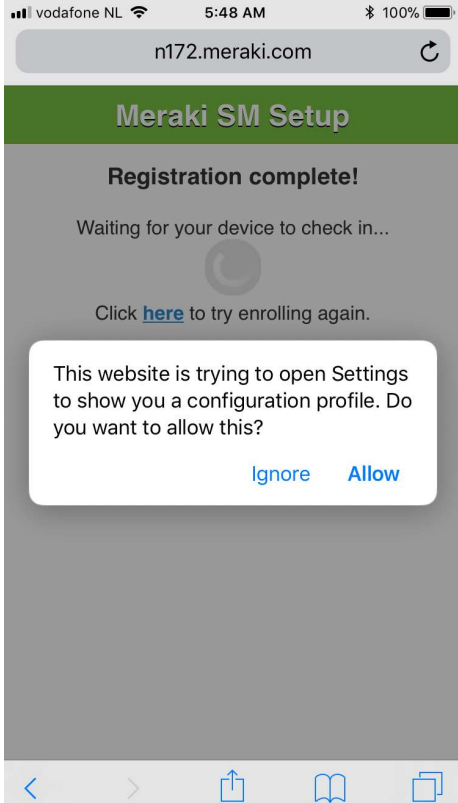

1. Open the Safari app and visit <https://m.meraki.com>

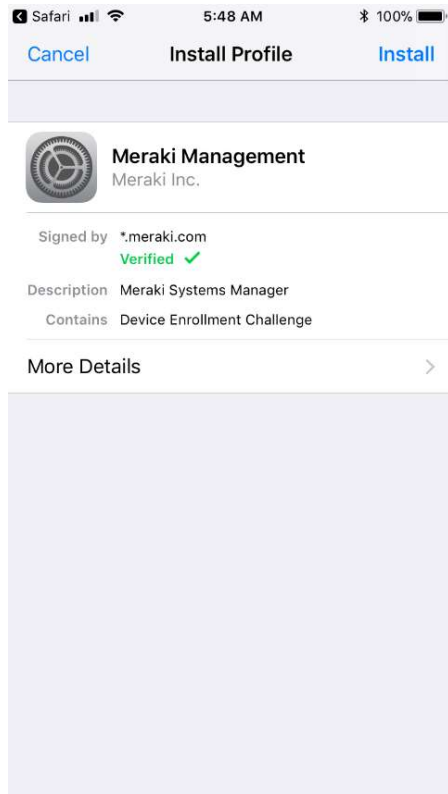

2. Enter the following Network ID then tap Register

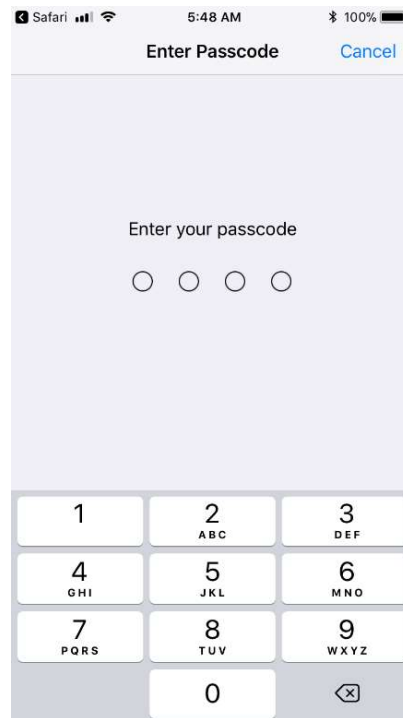

3. Tap **Allow** to allow Meraki to display a configuration profile

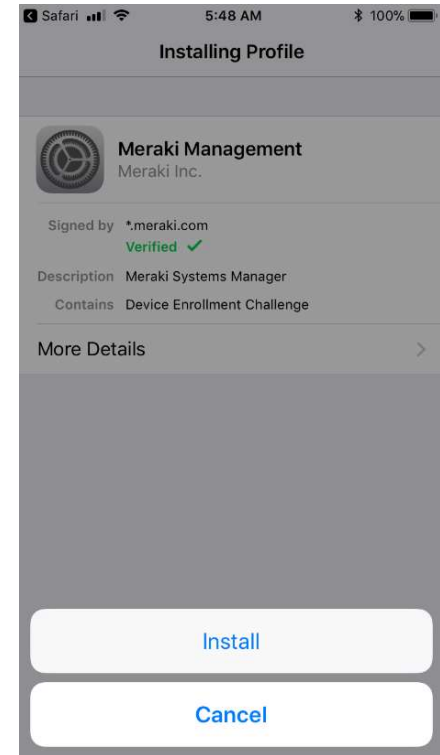

4. Tap Install

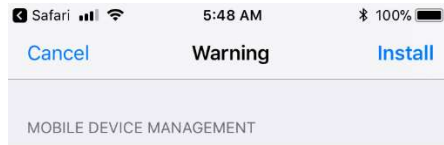

5. Enter your passcode or Touch ID to install the Meraki configuration profile

6. Tap Install

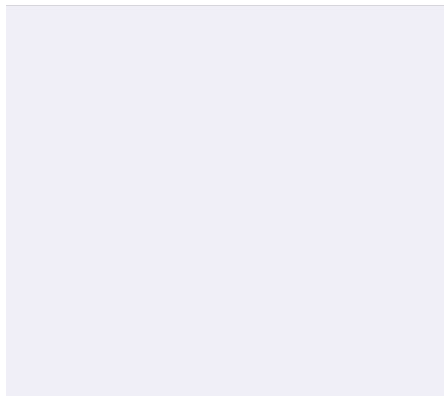

7. Acknowledge warning and tap **Install**

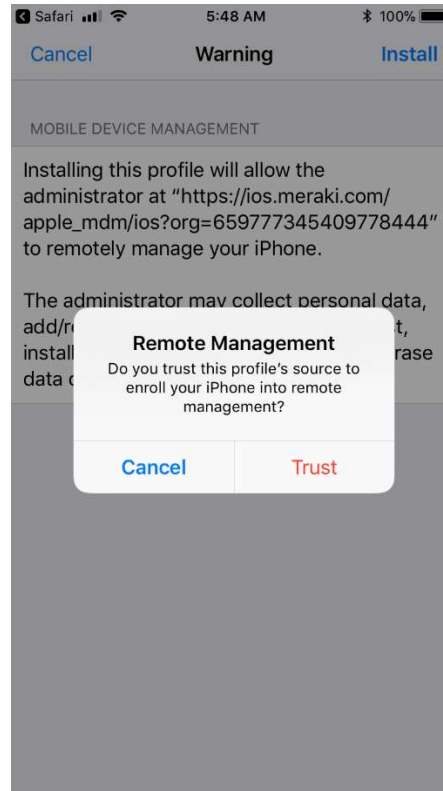

Installing this profile will allow the administrator at "https://ios.meraki.com/apple_mdm/ios?org=659777345409778444" to remotely manage your iPhone.

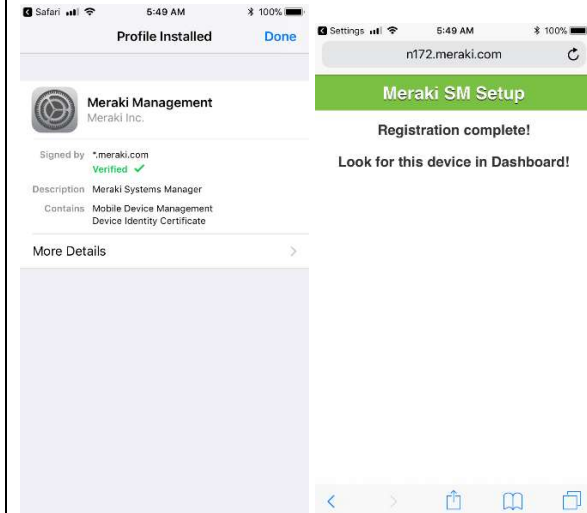

The administrator may collect personal data, add/remove accounts and restrictions, list, install, and manage apps, and remotely erase data on your iPhone.

8. Tap **Trust to allow Meraki to complete the enrollment process**

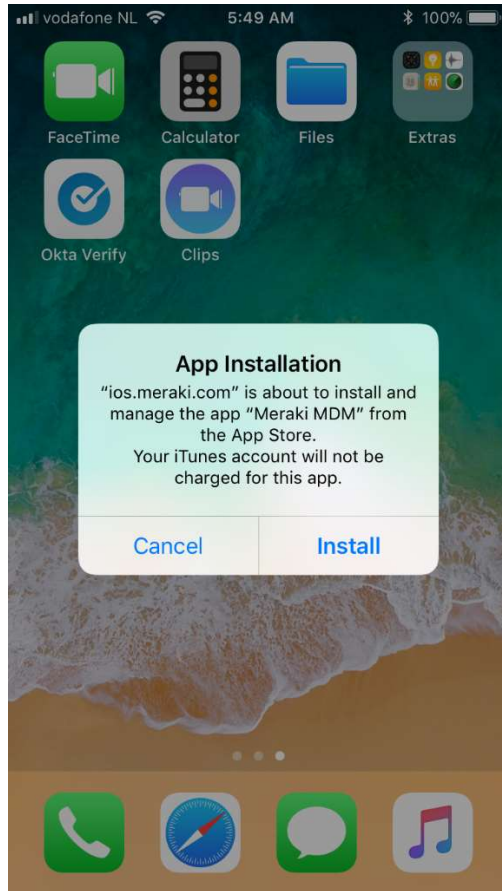

9. Tap **Done to complete the enrollment process. You may now close Safari.**

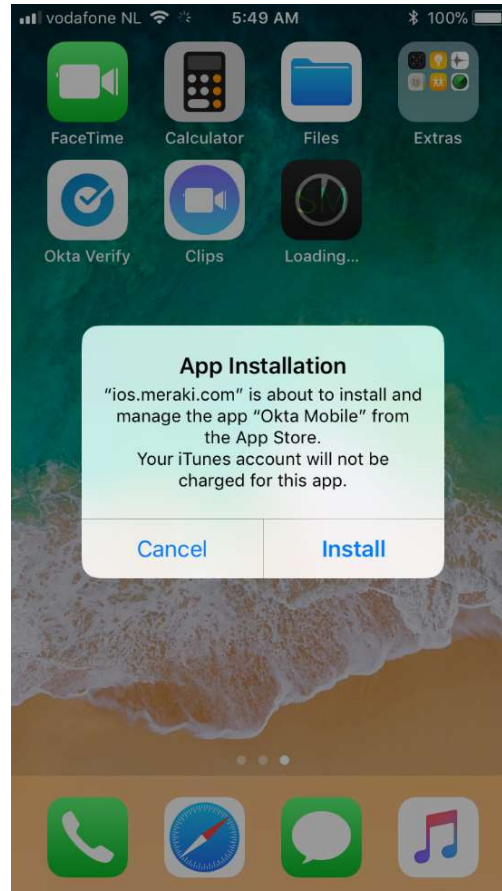

** Wait several minutes for your device to receive the Meraki MDM app. Your iPhone must remain on during this time and preferably unlocked.*

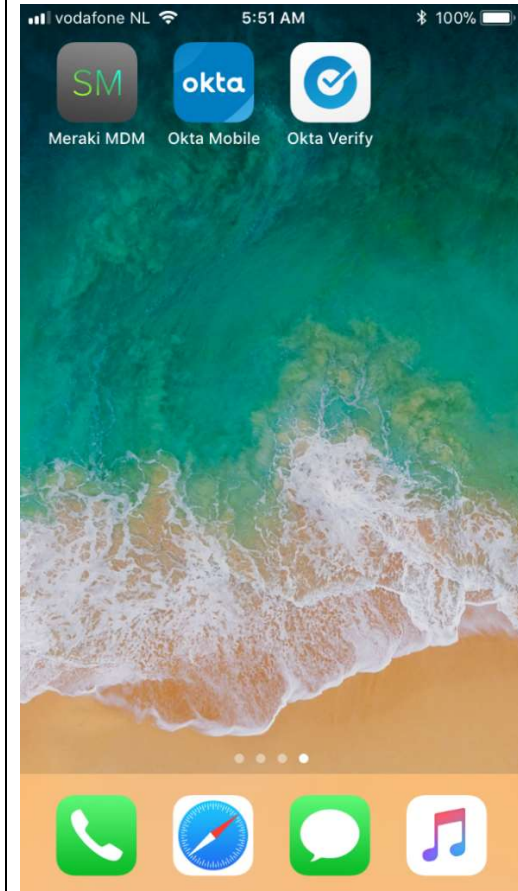

10. Tap **Install** to allow Cisco Meraki to install the Meraki MDM app:

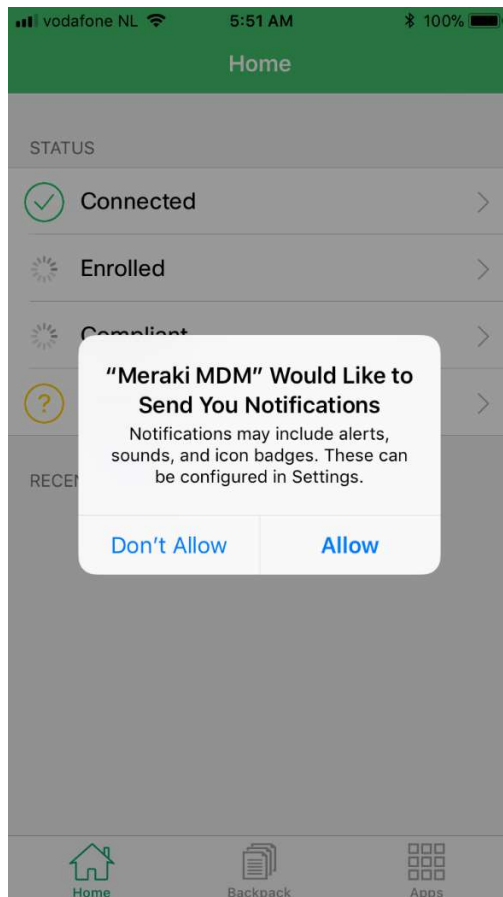

11. Tap **Install** when prompted to add additional Bioventus business-use apps:

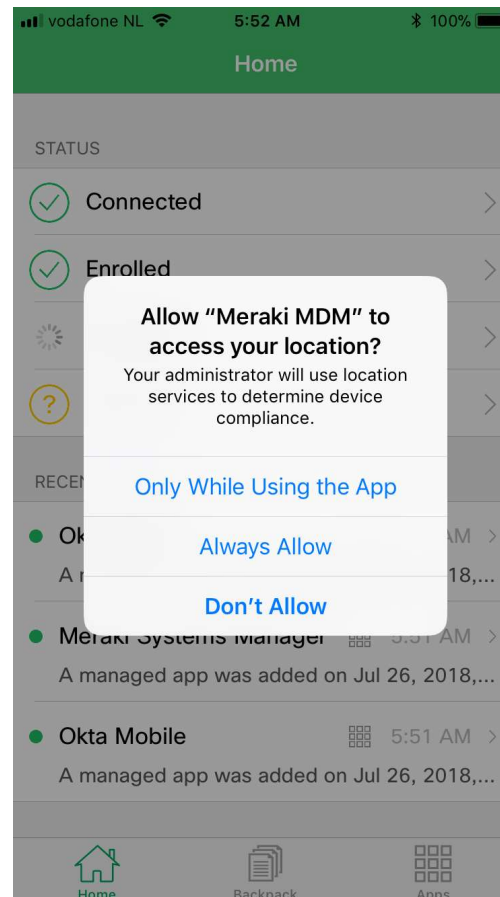

12. **Open the Meraki MDM app:**

13. Tap **Allow** to allow Meraki MDM to send you Notifications (ex. a new Bioventus businesss app is available):

14. Tap **Always Allow** to allow Meraki MDM to access your Location. ** This is not required to enroll or use the app but the Bioventus IT Service Desk will not be able to assist you in locating your device if it is lost.*

15. You may change the Settings | Privacy | Location Services settings at any time:
